

1. Question: Can I return a smartphone if I simply changed my mind?

Answer: Under our policy, technically complex goods of proper quality cannot be returned if they have been activated or used. If the seal is unbroken, you can return it within 14 days.

2. Question: What should I do if my electronic device is DOA (Dead on Arrival)?

Answer: Please contact support immediately. We will arrange a courier to pick up the faulty unit and send you a brand-new replacement after a quick verification.

3. Question: Do I need to keep the original box for a warranty return?

Answer: While the original packaging is not strictly required for repair services, it is mandatory for a full refund or exchange within the first 14 days.

4. Question: How long does the technical inspection take for a returned item?

Answer: The diagnostic process usually takes between 3 to 7 business days, but in complex cases, it may take up to 20 days.

5. Question: Can I return a laptop if I have already installed my own software?

Answer: To be eligible for a return, the laptop must be restored to its original factory settings and all personal accounts (like Microsoft or Apple ID) must be removed.

6. Question: Who covers the shipping costs for a warranty-related return?

Answer: We provide a prepaid shipping label for all confirmed warranty claims and defective items within the warranty period.

7. Question: I lost my receipt; can I still return the product?

Answer: Yes, if you are a registered customer, we can find your transaction in our system. Otherwise, a bank statement showing the purchase can serve as proof.

8. Question: What is the refund process for a product paid with a credit card?

Answer: The refund will be processed back to the original credit card used for the purchase within 5 to 10 business days after the return is approved.

9. Question: Can I return headphones for hygienic reasons?

Answer: In-ear headphones can only be returned if the factory seal on the packaging is completely intact due to health and hygiene regulations.

10. Question: What happens if the service center cannot repair my device?

Answer: If a manufacturing defect is found and the device is beyond repair, we will issue a full refund or provide a
